

Greening TVET Institutions

GT-002.02 Greening TVET Institutions – Characteristics & Approach

TVET institutions are requested to transform themselves into sustainable learning venues. With reference to the relevant international activities, the participants will learn what requirements are placed on sustainable learning locations, what features characterise a green TVET institution and what conditions must be created. They will also learn how to apply the Greening TVET institutions approach.

Learning outcomes

On completion of the training, participants

- are able to describe international activities and approaches on transforming learning venues towards sustainable development
- are able to name the requirements that are made on sustainable learning venues
- are able to name the characteristics of green TVET institutions
- are able to explain the Greening TVET institutions approach

Contents

- The need for transforming TVET institutions
- Characteristics of green TVET institutions
- The Greening TVET institutions approach
