

Assessment, Testing, Examination and Certification in TVET

CBS-003.04 Recognition of Prior Learning

The course aims to introduce participants into the concept of Recognition of Prior Learning (RPL). It furthermore empowers teaching and administration staff of TVET institutions to plan, develop and conduct assessments and examinations of prior learning with the purpose of enrolling to a programme or to certify prior learning in a vocational certificate.

Learning outcomes

On completion of the training, participants

- can translate an occupational standard into assessments and conduct these assessments
- can discuss the different areas and methods of summative assessment and their pros and cons
- can explain the assessment and examination process and relevant steps
- can plan, design, conduct and evaluate competence-based and work-related practical assessments and examinations

Contents

- Competence-based education and training
- Occupational and competence standards
- Categories, types and methods of practical and work-based assessment and examinations
- Assessment and examination planning
- Assessment process
- Determining credit points for outcomes
- Certification process and methods
- Competences, learning objectives, learning outcomes, performance criteria, collecting and documenting evidence

Format

- Tutored online training course

Language

- English
- Upon request: other languages with interpreters

Target groups

- Lecturers, teachers and trainers at TVET institutes
- TVET administrators and executives

Participation requirements

- Basic internet and computing skills (ICT)
 - At least 5 years of professional experience in TVET
- If necessary, an initial training on ICT and e-learning (10 h) can be provided.

Duration

- 40 h in 1 week (recommended)

Equipment

- Notebook / PC incl. standard office tools
- Stable internet connection
- Integrated or external microphone
- Speakers
- webcam
- Optional: Headset, smartphone, tablet

Certificate

The participants will receive a certificate of participation after successful completion of the course.
